

Diabetes Supplies List

Your Guide to Diabetes Supplies

Blood glucose testing products for diabetes are covered under your durable medical equipment or DME benefit. Please check your policy to verify your out-of-pocket costs for blood glucose testing meters and strips, as well as other diabetes supplies such as lancets and insulin syringes.

- Blood glucose testing strips, meters,
- lancets, insulin syringes and other
- insulin delivery devices can be
- purchased through any network

pharmacy and will require a prescription in order to receive these products. Your deductible is waived for blood glucose testing products unless you have an HSA plan. When you receive these supplies at a network pharmacy, your out-of-pocket costs will be based on your durable medical equipment benefits.

There is a quantity limit of 200 strips per month for all blood glucose test strips.

If you have not tried the diabetes supply products listed under “Covered” first, you or your doctor will need to request approval before products listed as “Not Covered” will be eligible to be covered by your durable medical equipment or DME benefit. Request approval by completing the [Prior Authorization / Exception Form](#). Please allow three working days to receive a decision.

This list of Blood Glucose Testing Products is subject to change.

Covered	Not Covered
